AT WESTERN

DEVELOPING LEADERS FOR THE 21ST CENTURY

Students today recognize we live and work in an increasingly complex, interdependent and uncertain world. You understand the need for new decision-making models and leadership styles. You are keen to participate in civic affairs and contribute to the well-being of communities and societies.

Huron's new Major in Governance, Leadership & Ethics (GLE) is designed to position you to fully grasp the challenges of contemporary governance and develop the knowledge and know-how for leadership that is inclusive, accountable and effective – meeting the growing demand for ethical and transformative **Leaders with Heart** in the private, public and non-profit sectors.

This multi-disciplinary program brings together relevant courses in Political Science, History, Management & Organizational Studies and Philosophy as well as new courses in Governance and Leadership, and offers learning and research opportunities unique for undergraduate students.

THE HURON ADVANTAGE

Huron's small size supports easy interaction among programs, faculty and students, and ensures that multi-disciplinary dialogue is an everyday occurrence. Our student-centred philosophy provides the self-directed learning required to prepare citizens and leaders in business, government and non-profit sectors.

NEW HURON AND HARVARD

HARVARD
BUSINESS SCHOOL

As the only HBX CORE partner in Ontario, Huron students can earn a Credential of Readiness from Harvard's Business School. This online program, delivered directly from Harvard's Business School, is a great opportunity for students to learn the fundamentals of business, while working on real-world challenges with peers and business leaders.

BEYOND THE CLASSROOM

Huron's GLE Major integrates teaching, research and community-based learning (CBL) into the analysis of organizational behaviour, civic engagement and social responsibility in decision making.

Each student works with a faculty advisor to develop individual research-learning opportunities and connect with community-based and professional organizations for experiences where theory meets practice.

Several courses offer students a community-based learning experience, including Management & Organizational Consulting, which provides a real-world management consulting experience for each student. The GLE Capstone Course also includes a CBL option.

Each of the governance themes – organizational, ethical and leadership – provides for student-driven research partnerships.
