Nursing		
Optometry		
Other Arts & Science		
Other Health Professions		
Pharmacy		
Physical Science		
Social Science		
Theology		
Therapy & Rehabilitation		

Veterinary Medicine

OVERALL AVERAGE

Employment Rates: The employment rate is defined as the number of employed persons expressed as a *percentage* of the labour force where the labour force is those persons who were employed, or unemployed but looking for work. To determine employment rates of recent graduates, Ontario universities conducted a survey of all 2011 graduates of undergraduate degree programs. Graduates were asked questions regarding their employment situation six months and two years after graduation.
